Whether the place referred to in the letter of the Chairman CST Board proposed for the construction of the General Hostel by the Sangha, refers to the same as the one inspected already by the Chief Minister, does not become clear. If so, the question of construction in a different place i.e. to the south of the existing building as ordered by the Chief Minister, will have to be considered. Therefore, after the estimate is sanctioned, the Trust Board must prepare the bill for the work done and pass the bill and request the Deputy Commissioner to issue a cheque. Report to accompany the estimate for constructing
Vokkaligara Sangha General Hostel in Bangalore

-- o --

There are at present a few private Hostels in Bangalore to cater to the needs of only a limited number of students. But, there has been a phenomenal increase in the number of students receiving higher education in Bangalore in recent years and the students are residing in crowded and unhealthy localities and paying heavy rents. To overcome this shortage of accommodation for students, it is necessary to construct some General Hostels in Bangalore. To start with, it is now proposed to construct the Vokkaligara Sangha General Hostel in the vacant site belonging to the Sangha behind the present building and the estimate provides for the same.

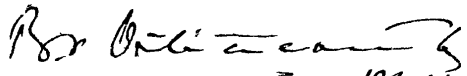

The design of the building is as received from the Government Architect. It consists of the Ground and First Floor with a big Central Hall in the quadrangle as per plan enclosed and provides accommodation for over 200 students.

The estimate provides for lime concrete bed and stone -- masonry for foundation and basement with brick masonry for superstructure. Teak-wood doors and windows etc., with Cement Concrete basement slab and cills and R C C through lintels for the outer walls and B S Slab lintels inside, are provided. The roofing is R C C throughout with R C C 'T' or rectangular beams wherever necessary. Other items such as C C flooring, Lim and Cement plastering, white-washing etc., are all provided for. For Compound wall, Electrical Installation, Water Supply and Sanitary connections, lumpsum provisions are made in the estimate the details being worked out during execution. The rates provided are as per sanctioned schedule for 1954-55.

The total estimate amounts to Rs 3,89,400/- It is however prepared in three parts, namely (1) Ground floor (2) First Floor and (3) Central Hall so as to facilitate the work being done either wholly or in stages.

The estimate may be sanctioned early with allotment of funds.

The proposal of the Chairman, City Improvement Trust Board Bangalore, for the construction of the Vokkaligara Sangha General Hostel building at an estimated cost of Rs 3,89,400/- is approved. But as the Trust Board ~~cannot~~ officers supervise the work, Establishment, Tools and Plant charges as fixed in the P & Code alone may be included in the estimate and the estimate revised. These E T P charges must be recovered by the Board. The Chairman, City Improvement Trust Board, may himself get the estimate scrutinised by the Chief Engineer and get it sanctioned by Government. The work should be taken up soon after the estimate is got scrutinised by the Chief Engineer in Mysore, after observing the required formalities such as calling for tenders etc.

Regarding the mode of payment, the General Hostel Scheme contemplates payment to be made by the management under the direction of the Deputy Commissioner, Bangalore, as and when outlay is incurred and the Trust Board has to enter into contract and get paid by the Hostel management through the Deputy Commissioner, Bangalore. If necessary, the Trust board may incur the expenditure out of its funds and then recoup it from the Hostel account with the management.
